

How to Pass NAT 5 History

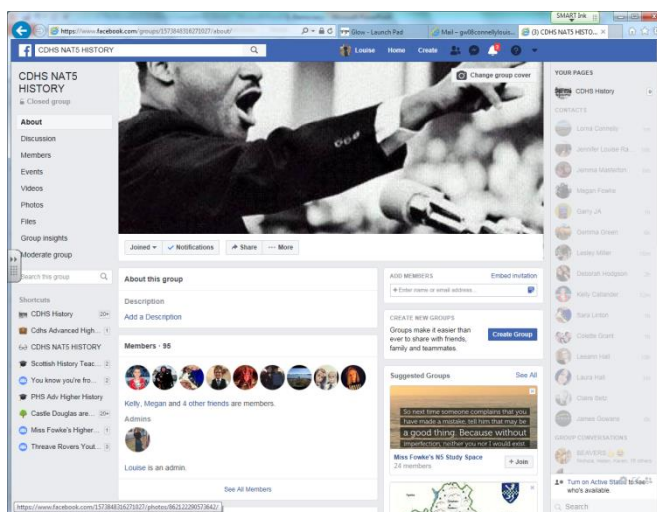

Pupils have access to the following, which if they read regularly and review their learning, should help them meet their aspirational grades and pass this course:

- **Revision booklets** for ALL subjects
- **‘How to Answer Nat5 Exam Questions’** booklets
- Key **notes** and handouts

In addition pupils have been given websites to look at including **BBC bitesize**.

Ms Connelly has a **Facebook** ‘closed group’ page called **CDHS NAT 5 HISTORY**. Both pupils and parents are invited to join this. She and Ms Linton regularly post links to websites as well as add Power Points, revision material and homework reminders.

Pupils in Ms Connelly’s class will get **homework** issued on a Wednesday for the following Monday. This usually takes the form of Past Paper questions which involve exam skills. Past papers are available for free on the SQA website.

STUDY SUPPORT is also available **every** week. This can range from a Tuesday 3.30-4.30 to a Thursday 3.30-4.30 to alternative Friday evenings from 6-7pm . Pupils will be notified at the start of the week when study support is available via FB and also in class.
